Skills

- Networking and Routing
- Front-End web development (Html, CSS, java-script)
- Database (Sql oracle)
- Editing (cap cut ,adobe)
- MS office (Word , PPt , **Excel**)
- Designing By Figma

Interest and Hobbies

- Travel
- Sport (football)
- Learning and experiencing
- Charity
- Coding

Reference

- Mr. Obsa Amanu (head department)
- Mr. Mamo Fidano (project manager)
- Mr.Kidus Kidane (intern supervisor at CBE)
- Mr Elshaday Tamrat (FMT Manager)

Personal Statement

As a recent computer science graduate, I am eager to apply my technical expertise and problem-solving skills to in any Position role at your Company. During my time at university, I demonstrated a good strong aptitude for programming, Networking, and software development .In our final-year project, which involved designing a mobile app to Maternal Health advisory, showcased my ability to translate complex requirements into practical solutions. With my passion for technology, adaptability, and collaborative mindset, I am confident I can make an immediate contribution to your team and stand out among the competition.

Educational Status

I am graduated recently with a **Bachelor's degree in Computer Science** at Jimma University by earning a cumulative GPA of **3.31.**

Language Capability

I am quite well at **Amharic** both speaking and writing.

I can read and write perfect at **English w**hile I am good at speaking and hearing.

Work – Experience

- An Internship Program at CBE(Commercial Bank of Ethiopia) For 3 Months Before Graduating
- An Internship at ALX Ethiopia for 2 months after Graduating
- A paid Internship at FMT Advertising For 3 Months
- Freelance at FMT Kenya at Data Entry and \system Admin Role

Soft Skills

- Learning Adaptability
- Communication
- Detail Focusing
- Accountability
- Dedicating at Work

Roles I have been Participated in My precious Experience

CBE Internship

I was attended my Internship Program at District Commercial Bank of Ethiopia(CBE) which is I really gained a sight of what I learn is to put on real world problem.

As an IT Intern at a leading bank, I gained valuable hands-on experience in a fast-paced, customer-focused environment. Responsibilities included troubleshooting hardware and software issues, providing technical support to end-users, and assisting with the implementation of new systems and security protocols. This internship allowed me to apply my computer science knowledge in a professional setting and develop essential skills in problem-solving, communication, and teamwork.

Since Bank system is too secure and sensitive , They won't let us (Me and Other inter) to do tough roles. But they show every detail things to be done at Bank IT teams will do. Such as

- ATM handling
- Data Registering in to Systems For new users
- Remotely Fixing Software problems

ALX Ethiopia

ALX Ethiopia is a leading technology training provider that offers fully sponsored programs to young Ethiopians. The programs are designed to accelerate the careers of our learners and equip them with the skills they need to thrive in the digital economy.

Before I have been Enrolling to the work at this place , I had taken some Courses such as AI Usability which was too much helpful to reduce work time by using ai.

Since I was dedicated and active learner there ,My Supervise provided me to work as volunteer and take another courses for free ,and I was totally make a deal. Even though it was a volunteer program I have been paid as a bonus which was good incentive to work more.

In ALX my role was

- Working some Graphics Design
- Make an Even online and live session for tracking learners
- Tracking Learners

FMT Advertising

FMT Advertising is one of branding company in Ethiopia. I have been enrolling to this company by Creating good connection with my previous work Colleague. More of Employee in this company are from foreign country Kenya.

My Role At FMT

- **Account Manager:-** They have A CRBT service which provided by Ethiopia Telecom and I track how many users are enrolling and using our product.
- **Figma Design:-** They also make a websites and social media marketing there and I was the one to work with figma Prototype and make a connection with developers team.

Freelance At FMT KENYA

This one also as you can guess , I found this job by Collegue I have been working with at Fmt Ethiopia,

And this one was one time job. The role was Enrolling Datas into their Database ,it took a long time to finish and this was the time I realize every job has it's difficulties , beacause I thought it would the easiest one.

LETTER OF RECOMMENDATION: ABEL ASFAWESEN BIRHANE

Dear Sir/Madam, I am Mr. Obsa Amanu, Computer Science program coordinator at Jimma Institute of Technology, Jimma University. It is with great pleasure that I write this letter of Recommendation for, **Abel Asfawesen** who studied Computer science at Jimma University.

I have had the pleasure of knowing **Abel** for four years as a Computer Science Program coordinator in all capacities. I have been consistently impressed by **Abel's** intellectual abilities, dedication, and passion for learning. **Abel** consistently impressed me with his strong analytical and problem-solving skills and his exceptional understanding of core Computer science Courses.

His, dedication to knowing and understanding programming languages like C++, Java, and web development tools is a testament to his competence. He demonstrated a deep understanding and ability to apply them to real-world software development challenges of complex concepts and then as a lecturer and program coordinator, I was astounded by his enthusiasm for learning and his capacity for problem-solving skills.

Beyond technical skills, **Abel** possesses excellent communication and collaboration skills. He can clearly articulate complex technical concepts and effectively work with others in a team environment. **Abel** is a person of remarkable character and politeness.

Therefore, I am pleased to recommend **Abel** for both his academic pursuits and any positions he may apply for. Please do not hesitate information to contact me if you require any further information.

Sincerely
Obsa Amanu (MSc, Computer Science and Engineering)

Subject: Requesting Internship Place for Year IV Engineering Students

At the onset we would like to forward our heartfelt gratitude for the cooperation rendered in the past and your future willingness to involve in this practice oriented engineering education program. On Job Training (OJT) or internship program is the best option available for the practice oriented engineering program to educate students, identify the company problems, involve professors in company need based researches and make use of the experts in the company.

In Jimma Institute of Technology (JiT), the training program is scheduled during the second semester of every academic year, starting from _July 2023 G.C._ and the students will stay for _two months_ under the supervision of your reputed company.

Therefore, we ask your good office to accept our students and give confirmation as in the following table. Please put your signature & company stamp for official acceptance confirmation.

S.N.	Students Name	ID No	Department
1	Abel Assawesen	RU3400/13	Computer Science
2			
3			

Kind Regards

Shewangizaw Werkagegnehu
